Grouping Strategy

Instead of individual extensions for each document type, I'd recommend **categorical groupings** that can handle multiple related document types:

Proposed Extension Categories

business_corporate: Business Reports, Financial Analyses, Annual Reports, Corporate Strategy, Market Trends, Competitor Analyses, Press Releases, etc.

legal_regulatory: Legal Briefs, Cases, Contracts, Patent Applications, Regulatory Filings, Compliance Guidelines, IP Filings, etc.

technical_engineering: Product Manuals, Technical Specs, Blueprints, Manufacturing Processes, IT Infrastructure, Software Roadmaps, etc.

financial_investment: Investment Portfolios, Fund Prospectuses, Funding Rounds, Grant Proposals, Risk Assessments, etc.

government_policy: Policy Papers, Government Documents, Legislative Updates, Climate Reports, Public Health Studies, etc.

media_communications: News Articles, Blog Posts, Press Releases, Conference Summaries, Webinar Highlights, Magazine Articles, etc.

organizational_hr: Employee Handbooks, HR Policies, Meeting Minutes, Performance Reviews, Training Materials, etc.

planning_strategy: Development Plans, Project Timelines, Event Agendas, Marketing Strategies, Partnership Proposals, etc.
